REPORT OF SCHOOL BOARD.

Another financial school year has closed, and it becomes the duty of the school board to report to the citizens of Greenfield what progress has been made and how the money placed in our hands has been expended in planning the schools and procuring teachers, and all other duties pertaining to the school system. It requires labor and patience, and all must work together—school board, parents and scholars; this must be done in order to secure the greatest results for the children of to-day, who are marching on and on as the years go by, and it will not be long before they will be beyond the limit in which they are required to attend school. Then, if they have not lost the golden opportunity of procuring a liberal education, as is the privilege of all in these times, when we have ample schools and abundant supplies of all kinds furnished free of cost to the pupils, there can be no excuse along that line if the children do not attain to the standard in which it is their privilege to reach.

The schools in the last year have been practically a success. We visited each school several times and were present at the closing examination, and can truthfully say that we believe the teachers, as a rule, have labored hard to instruct those under their charge in a way that will be useful to them in the duties of life. Your committee was very fortunate in securing the services of excellent teachers for the village schools, Misses Tobie and Pettee of Francestown, who have had large experience in teaching and have always given good satisfaction. At the examination of the Grammar school, taught by Miss Minnie Tobie, we were particularly gratified in noting the marked improvement made in the handwriting of the pupils, also a good degree of improvement in other branches of study. The Primary school, taught by Miss Mary A. Pettee, also met the approbation of the school committee at the closing exercises of the winter term. Miss Maud Muzzey taught both terms in the west district to the entire satisfaction of all. In the south district Miss Alice B. Sawyer of Antrim taught both summer and fall terms, and in the east district Miss Ina Hildreth of Antrim taught the summer and Miss Ethel Burt of Bennington the fall term. These teachers had all had more or less experience in teaching and came to us well recommended and prepared to enter upon the duties which would devolve upon them as teachers, and all gave general satisfaction.

We find, on summing up, that improvement has been made all along the line. It is very gratifying to the school board and to the teachers to have the parents visit the schools as often as possible, that they may see for themselves how much the pupils are advancing and how the money is being expended. We find that during the last school year the visitors in all our schools have been two hundred and twenty-six—a very good showing—but we hope in the coming year it will be even greater than that. Now, in closing, we beg leave to present the financial report and roll of honor.
